Greg,

My thanks to you and Brad for coming to meet with us, at such a busy time. I hope the Legislature didn't do anything crazy for a couple of hours you were across the State line! The Congressional staff are terrific. We gave them a bit too much info but they were game (grants, Tribal GAP, drinking water, and Superfund updates). They are keen to stay updated on Anaconda progress, and any Brownfields events we (NDEP and EPA) may do....even looked cheerful about a Rio Tinto event, though that's a bit far afield. Best wishes, see you here soon,  
Alexis

We appreciate you and Alexis taking the time to schedule and meet with us as well. We realized driving back that meeting in Incline Village would have been more convenient for you... and I wasn't exactly impressed with the Riva Grill cuisine, but it was great to meet with both of you. I hope your meetings with congressional delegation went well.

Thanks for the heads up on brownfields grants.

Take care,

Greg

Thanks for driving out to South Lake Tahoe. It was good to meet Brad in person and to talk to you about Nevada issues. We have a few items from our conversation that we will follow up with you further.

I forgot to give you a heads up that next week we will likely be announcing brownfields grants including several in Nevada. We will make sure your office is informed.

See you in a few weeks.

Regards,

Amy
